

# Markdown in GitBook

## Headings, Paragraphs and Formatting

### Heading 1

### Heading 2

### Heading 3

This is just a standard paragraph.

**Bold**

*Italics*

~~**Strikethrough**~~

Superscript

Subscript

This is going to be annotated

This text is highlighted but it could also be highlighted any other colour like yellow

This text has a blue background colour added

## Lists and steppers:

- This is unordered list item 1

- This is unordered list item 2
1. This is an ordered list item
  2. This another ordered list item
- ☐ This is a task list item. It has not been checked.
  - ☒ This is another taks list item and has been checked.

## 1 This is step 1 in a stepper block

Here's some content for the step block

## 2 This is step 2 in a stepper block

Here's some more content for the step block

## Links:

[This ↗](#) is an incline link to the GitBook website.

Below I will add a page link:

Editor

[This](#) is a link to another page in this repo.

Below is an embeded URL. In this case it is an embed of a Youtube video:

Publishing your documentation

## Hint Blocks

 This is an info hint block

 This is a warning hint block

 This is a danger hint block

 This is a success hint block

## Tables, Tabs, Code Blocks, Cards and Expandables

Header Column 1	Header Column 2
row 1	row 1
row 2	row 2

#### First Tab

This is content within a tab

#### Second Tab

This is content within a second tab

This is a code block with the language choosen as Markup.

You can insert code blocks in tabs. Below this I will include a tab with multiple code blocks.

#### JavaScript

```
const message = "hello world";  
console.log(message);
```

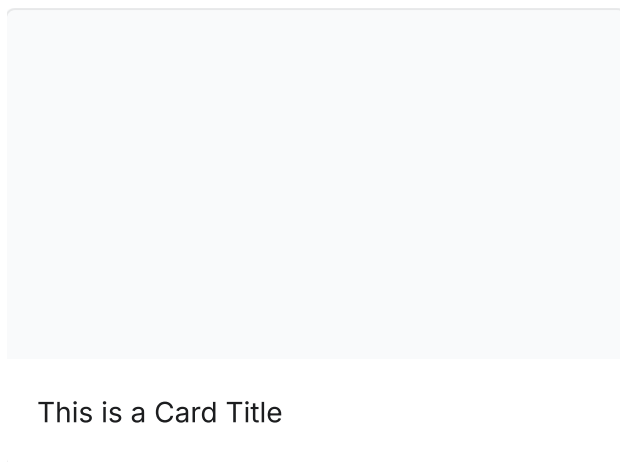

#### Python

```
message = "hello world"  
print(message)
```

#### Ruby

```
message = "hello world"  
puts message
```

Below is a card with a card title and card image.

▼ Here is a title of an expandable

This is the text within the expandable

## Other blocks:

Below this text there is a divider

---

This is a quote block. Not a very interesting quote.

This is a primary button

This is a secondary button
